

PREFACE

The fourth international conference *Analysis, Topology and Applications 2014* (ATA2014), was held in Vrnjačka Banja, Serbia, from May 25 until May 29, 2014, and jointly organized by Faculty of Technical Sciences in Čačak, University of Kragujevac, and Faculty of Sciences and Mathematics, University of Niš. Previous such conferences were held in 2008 (Vrnjačka Banja), 2010 (Vrnjačka Banja) and 2012 (Sombor).

The conference was devoted to all areas of Analysis and Topology and variety of their relations with other fields of Mathematics. 70 participants from 19 countries attended the conference and presented their research results.

This issue of *Filomat* contains 23 papers presented at the conference and evaluated following the usual strict editorial procedure of the journal.

The organizers gratefully acknowledge a partial financial support by the Ministry of Education, Science and Technological Development of the Republic of Serbia, and Topology Atlas for providing the service for abstracts.

The editors thank the authors of articles published in this issue, the referees for their kind assistance and help in evaluation of the contributions, and *Filomat* for the support.
